Dear Northeast Christian High School Families,

Subject: 2022-23 Tuition Assistance Program

On behalf of Northeast Christian High School Board of Education, administration and staff, we want to thank you for all your support and prayers for the 2021-2022 school year. This school year was filled with so many “Only God” moments and answered prayers.

Our ongoing desire is to partner with Christian families in the discipleship and education of their children, regardless of their ability to afford tuition. To achieve this mission, NCHS offers need-based grants, as funds are available, to make tuition more affordable for more families. As our school continues to grow, as does the need for more formal methods and procedures. With this in mind, the NCHS Board of Education has authorized a third-party company called BeneFAQ to more fairly and accurately assess a family’s ability to pay tuition and award grants accordingly. With this new process in place, if your family is requesting tuition assistance for the 2022-2023 school year, please visit <https://www.benefaq.com/> and complete the following steps:

Step 1: Navigate to www.benefaq.com and create a new account if you do not yet have one in the new BeneFAQ system.

Step 2: Select the “Parent Login” button from the upper right.

Step 3: Create an account, entering all the information requested and clicking “register” which will sign you in for the first time

Step 4: Click the APPLY button.

Step 5: Enter the correct application year, enter your school number in the search window or begin typing our school name and select it when it appears. Several schools have similar names, so please make sure you are selecting Northeast Christian High School. Our school number is **#53938**, which may help identify our school.

The cost to submit an application is \$35 per family and is non-refundable. Enrollment fees must be paid before a family's aid application will be considered. NCHS will be notified when the application has been submitted, processed, and the tuition assistance monetary amount for each family is recommended. Once we receive this recommendation from BeneFAQ, we will reach out to you to discuss the results.

We are so thankful to be able to partner with the BeneFAQ organization to better serve our school community. Again, thank you for your prayers and support to partner in Kingdom Education to equip His kids to serve, love, and lead others to Christ.

May the Lord guide us as we work together to serve His children,

Laura Moore
